

## THE STORY SO FAR

Founded in 1997, Commit is a leading language services provider, headquartered in Athens, Greece, and with US operations based out of San Diego, California. Step by step, gradually evolving from a single language vendor to a full language services provider, Commit continues to meet the requirements of global corporations, regardless of size. Growth has been achieved through investment in people, technology and processes, creating a level of quality unmatched in our industry and efficiencies which ensure that clients are receiving the highest value at a competitive price point.

### THE RIGHT TOOLS

Commit uses industry-leading translation/localization and automated QA tools for building and maintaining translation memories, glossaries and termbases that ensure consistency, reduce human error and preserve language assets for future use.

### FOCUS ON QUALITY

Commit focuses and invests on quality. We apply strict QA procedures in our everyday work according to our ISO 9001:2008 and EN 15038:2006 certifications.

### EXCEPTIONAL SERVICE

Our expertise, responsiveness and flexibility ensure precise and professional project management. Each customer is assigned to a dedicated project management team that has the capacity to handle large, complex and short-deadline projects into all languages.

### SUBJECT MATTER EXPERTS

Commit only uses native, experienced and professional translators to fully meet our clients' most complex translation needs. After careful screening, we choose linguists whose expertise matches the specific type of content to meet the strict linguistic requirements of each industry.
