Introduction:

NLRS, Nepal Language and Research Solutions (Pvt.) Ltd., is one of the unprecedented language and localization agencies in Nepal. NLRS found its shape from enthusiastic development and language professionals with diverse backgrounds into a platform to turn out language work in more professional and systematic manners, which erstwhile was limited to taking as limited 'freelancing and part-time' job. Against the setback, NLRS is a ground-breaking initiative not only to establish professionalism in linguistic works but also to set up as a benchmark itself.

NLRS has now been working with a range of clients which include corporate partners to development enthusiasts/workers and agencies to the government. NLRS follows a standard approach on its work towards translating, interpreting, transcription, localization, voice-overs, scripting and all content related works. To NLRS, it strives marking its professional benchmark from standing high from mere professionalism to developing it as 'state-of-art' benchmark in language work.

Quality Assurance Measures:

NLRS has a standard quality assurance measures to ensure that every work gets delivered with the optimum quality and standard. Specifically for translation, NLRS uses the following approach for quality assurances:
