Career Summary

I have studied English language since I was six years old and am able to communicate, read and write fluently. I have also visited English speaking countries several times. During my education, I have always excelled in Czech language classes and Czech language became a hobby for me. In the past, I have translated variety of instructions for use for wide array of items. I have also translated articles from English periodicals and professional literature, especially humanities. I have recently worked for Lionbridge company.

Education and Qualifications

I have First Certificate in English (FCE).

I have graduated from both Czech and English languages with best possible marks.

I have had private English tutor for several years.
