1 person has recommended Evandro

"I hired Evandro to help collect 10395 Euros from a Master Club member's debtor in Rio de Janeiro, Brazil. The debt involved a complex contract and correspondence that Evandro grasped quickly with the ability to make representations in Portuguese. He also undertook telephone calls at a cheaper rate than I would be able to from my office. He kept me up to date through out, an excellent professional indeed. I will certainly use him again with the collection of debts that require a Portuguese or Spanish speaker and have no hesitation in recommending his services to anyone with the same need."
