CAREER OBJECTIVE

17 years having been industrious to receive any translation & interpretation jobs of any fields with a desire to enhance my knowledge on a wide range of areas from Engineering & Technology, Business & Marketing, Finance & Banking, to Medical, Environment, Website and etc. while consolidating my translation & interpretation skills to make every single job as pure as possible.

Currently, there do not remain many translators/interpreters who work with love and enthusiasm due to the thought – “this is not a true profession”. My view is different, whenever you decide to start something, you should do it with all your heart and finish it with the best results.

If you’re looking for a professional, qualified and certified English to Vietnamese translator & interpreter. Please do not hesitate to contact me, I am always available to reply you.

EDUCATION

Bachelor of Art at Hanoi University of Science and Technology (2002-2007)

I was lucky to study at this University where I had to work hard, try my best to accomplish a lot of homework and finally pass many regular exams with good results. Studied here, I was trained on a wide range of areas from Engineering, IT to Business, Finance, International Trade, etc. which pushed me to spend much time on self study, go to library do research, learn in a team to exchange knowledge. And this 5-year period help me grow to be a quick, desired, and responsible learner in my entire career.

TRAINING COURSE

- **8/2016 – 10/2016: Professional Interpreter Training Course:** Sao Khue Talent Center - again, it was very lucky for me to join this course, it gave me a number of valuable knowledge and experiences that was shared by veterans in the field. Each day at class is a on-duty day, we have to work as a real interpreter, act in front of audience and deliver a highly qualified job for customers – this improved my interpretation skills significantly, helped me become much more mature in every interpretation task.
- **3/2012-07/2012: Import-Export Course** - This short course provided me with base & real knowledge, experimental methods to deal with: Incoterms; shipping documents; foreign trade affairs; customs procedures; sale agreement; and price negotiation.
- **5/2014-07/2016: Various Soft Skills training courses:** ABC positive thinking, Effective Communication, Negotiation Skill, Problem Solving Skill, Time Management, Customer Excellence – These valuable courses which I got chances to experience have, to some extent, changed my mind and my life. Positive thinking together with necessary supporting skills helped me deliver high effectiveness in daily works.
