Basic Skills	<p>I have provided my services since 2017. As a freelance translator, my expertise includes medical records, pharmaceutical science and general domain translation. I've gained expertise in medical records and pharmaceutical science translation of more than 4,000,000 words. Having pointed out my expertise and professional experience, I define myself as a very versatile translator.</p> <p>I work with the following pairs: English⇌Simplified Chinese.</p>					
Documents Translated Lately	<p>English to Chinese:</p> <p>1. Suspect Adverse Reaction Report of Cabozantinib, Atezolizumab and other medications.</p> <p>2. Aptos Master Agreement and relevant documents.</p> <p>Chinese to English:</p> <p>Medical Record, Blood Examination Report, Color Doppler Ultrasonic Examination Report and related documents.</p> <p>The most important is that you DO NOT need to do any proofreading or editing work on my translations. Everything will be double checked and proofread.</p>					
Quotation	<p>Translation: 0.04 - 0.06 USD per source word/character; Proofreading: 0.02 USD per source word/character.</p>
