## Mini Interview

### **In your opinion, what is the job that suits you the most?**

Work remotely electronically, by translating, checking, or copying English medical articles within the medical and health field of health-care companies

### **Which is the department you would like to work in (please write down only one department)? Explain why you consider that you are right for the job and why you chose that department?**

Medical articles translator and medical content maker. My medical information and my English and Standard Arabic are excellent in addition to my translation experience.

### **What is your biggest dream? Describe your ideal career?**

Providing respectable work and profit through translation in the medical field, which contributes to the manufacture of medical content and the improvement of health care

### **Where do you see yourself five years from now?**

A graduate physician performing medical work with diagnosis and treatment in addition to providing education and medical content with reliable medical research

**Give a detailed description of your previous jobs (what were your responsibilities, how big was the team you worked with, what projects you accomplished, the reason for your leaving, the salary you had, your biggest achievements, your biggest failures, the things you would change about your past jobs)?**

I worked for workaround as a facilitator for writing and advertising services. For the sake of several companies benefiting from the services, I wished to authorize audio files written, in addition to working in commercial questionnaires, working at a distance and paid approximately \$ 100 a month.

**Describe your ideal company.**

A medical company that works with health care services, medical tools, or pharmaceutical companies who want to provide their content and research with a reliable medical content
