TECHNICAL SUPPORT

**SIMULTANEOUS
INTERPRETATION
EQUIPMENT**

“I purchased a Listen system and have found it to be one of the best business investments I have made! I have been impressed with all its features. It’s so easy to select an interference-free channel, it’s so easy to carry, delivers clear and comfortable listening. It has made my job easier since I know I can depend on the system”

- Church Interpreter

The world is becoming increasingly diverse and the need for reliable and precise language interpretation equipment is greater than ever. When the subtlety of meaning can be lost in as much as a tone of voice, clean sound is vitally important. If you want to understand the message, you have to hear the words. And Listen’s products deliver the clarity, the precision, and the reliability absolutely necessary in a world where every word can mean so much. We eliminate the need for separate multi-lingual sessions and give you the ability to bring your audience together.

- LT-800 Transmitter
- LR-400 FM Receiver
- LA-164 Ear Speaker

- . Multiple language interpretations
- . Lifetime warranty
- . Simultaneous interpretation
- . Crisp, clear sound
- . Convenient recharge

**MOTOROLA
TWO WAY RADIO**

The Radius CP200, a portable Walkie Talkie that delivers the quality features you want at a very competitive rental price. To provide the range that’s best for your needs the CP200 radio is available in both 4 watt UHF and 5 watt VHF models. Powerful 500 mW audio output penetrates noisy environments, providing clear, crisp audio at any volume. The CP200 portable radio can be used for a variety of applications.
