

**Since 2005**

## ☐ Sense of Ownership

- We treat each project like we own the end product, not just as the “vendor.”

## ☐ Confidence

- We pride ourselves in being confident that we will deliver the highest quality.

## ☐ Experience

- Through diverse localization experiences, we have established the most effective processes and infrastructure

## ☐ Expertise

- We have the right expertise for any localization project, offering systematic localization/internationalization services

**English to Korean**

**Korean to English**

**Japanese to Korean**

**Chinese to Korean**
