TYPES OF TRANSLATION

GENERAL TRANSLATION/INTERPRETATION

- the translation or interpretation of non-specific language that does not require any specialized vocabulary or knowledge
- However, the best translators and interpreters read extensively in order to be up-to-date with current events and trends so that they are able to do their work to the best of their ability, having knowledge of what they might be asked to convert
- good translators and interpreters make an effort to read about whatever topic they are currently working on

SPECIALIZED TRANSLATION OR INTERPRETATION

- refers to domains which require at the very least that the person be extremely well read in the domain.
- training in the field (such as a college degree in the subject, or a specialized course in that type of translation or interpretation)
- common types of specialized translation:
 - financial translation and interpretation
 - legal translation and interpretation
 - literary translation
 - medical translation and interpretation
 - scientific translation and interpretation
 - technical translation and interpretation

PURPOSE:

- Our aim is to enhance your communication in any language for business, travel, research, personal development and fostering successful relationship. We are dedicated in providing our responsive services and sharing our language expertise for the complete realization of the inter-cultural communication goals.

INTERPRETATION:

- **Interpreting involve the verbal performance of one language into another and vice versa to make easy spoken communication between parties, who speak two different languages.**
- **In India the language combination is usually English and any of the other languages spoken. Some interpreters may interpret in more than two languages, but this is not possible simultaneously.**
- **We speak 150 languages in the world and we support for all your events to make your business more effective. Communicate with anyone, anywhere in world. We provide an exhaustive range of professional interpreters around the world. The Interpreters are trained and experienced professionals with domain expertise ranging from General, Medical, Health, Legal, Business and Engineering etc.**
- **We provide interpreters for all modes of interpreting in over 170 languages and in all types of environments, including:**

TYPES OF INTERPRETATION

- Machinery Installation

- Business Meeting

- Tourists Guide

- Technical Issue

- Onsite Interpreting
- Conference Interpreting
