

AARON PAUL PAMINTUAN

COVER PAGE

PROFILE

Currently, I have co-founded a business in Ho Chi Minh City, Vietnam's largest city. We are focused on urban farming and sustainable living. It was something I did as a hobby while in the Philippines. I traveled to Vietnam because the economy here is more stable.

I am hard-worker and able to complete task independently. My hours are extremely flexible and I have strong Wi-fi and a new laptop. The Covid epidemic has caused me to look for supplemental work that I can do remotely. I will accept short term and long term contract work.

RESUME HIGHLIGHTS

Broad cultural experience: taught English to Japanese, Koreans and other Asian country students from elementary, high school and university students with concentration in speaking, listening, reading and writing classes

Various teaching styles: taught IELTS and TOEIC based subjects, public speaking, CNN based listening classes and survival English based subjects to foreign university students

Curriculum Development: prepared and developed teaching materials to meet the needs of students and help in the development of school curriculum

Creativity and Adaptive teaching: initiated and implemented activities that further the skills learned by the students

Team Player/Leader: conceptualized and executed school programs with the aim of building good working relationship among colleagues and students
