About Me

I am a dedicated and detail-oriented brazilian translator. Highly professional, flexible and deadline-driven. I did a study exchange program in Canada, a work exchange program in the U.S.A. and backpacked through Australia, Indonesia, Thailand, Cambodia and Malaysia. I have taught english for awhile and am now eager to find new opportunities in translation. My special interests are in medical sciences and financial markets, though I am also passionate about TV series and movies. I have advanced skills in the SmartCAT software.
