LinkedIn: david-chege-337887262

About:

Experienced Self-Taught Web Developer | Frontend Specialist | Passionate about Technology

Key Strengths:

- Frontend Development: Proficient in React.js, Next.js, and Redux Toolkit, creating dynamic and responsive interfaces that captivate users and enhance their browsing experiences.
- Quick Learning: A natural ability to absorb information rapidly and apply it effectively, enabling me to stay at the forefront of emerging technologies and industry best practices.
- Problem-Solving: A creative and analytical mindset combined with excellent troubleshooting skills to identify and resolve complex issues, ensuring smooth functionality of web applications.
- Collaboration: A team player who thrives in collaborative environments, effectively communicating with cross-functional teams to achieve project goals and deliver exceptional results.

Skills:

1. Data Entry
2. Transcription
3. Closed Captioning
4. Laravel
5. JavaScript
6. Tailwind CSS
7. Cascading Style Sheets (CSS)
8. React.js

Experience:

Transcriptionist

GoTranscript | Freelance | Jul 2019 - Present

Provided transcription services, including English transcription, research, and proofreading.

Maintained a high level of accuracy and attention to detail while meeting project deadlines.

Medical Transcriptionist

Voxtab (Crimson Interactive) | Contract | Sep 2019 - Mar 2020

Transcribed medical documents with a focus on maintaining accuracy and adhering to quality standards.

Conducted online research and ensured the proper formatting of medical transcription documents.

Projects:

Blog

Associated with Freelance | Sep 2022 - Nov 2022

Created a personal blog using Laravel Breeze backend and React.js on Next.js.

Developed dynamic features such as claps, likes, and comments using Redux.js for an enhanced user experience.

Web-based closed captioning app

Associated with Freelance | Jul 2022 - Aug 2022

Built a web-based closed captioning app using HTML, JavaScript, and Tailwind CSS.

Enabled users to upload and export VTT and SRT files for closed captioning purposes.

Transcription project creation wizard

Associated with Freelance | Jun 2022 - Jun 2022

Developed a simple wizard to streamline the process of creating transcription projects.

Implemented features to add video files or links, set instructions and deadlines, and group related projects together.

I am excited about new opportunities to further expand my skill set, tackle challenging projects, and contribute to the growth and success of innovative organizations. If you are looking for a dedicated and adaptable
