Dear sir or madam

I am graduated from Hawassa University Faculty of Veterinary Medicine with Doctor of Veterinary Medicine (DVM) on July 12, 2012 G.C. Even though I am a veterinarian, I grew up in Afan Oromo teaching family. This shows I am very flexible to work out box task like language translation, especially English to Afan Oromo and vice versa translation.

As my resume indicates, I possess about **8** years of progressive professional experience and related trainings that are relevant to increase the quality of my work and personal relations I maintained throughout years of my professional life. I am sociable and I have strong writing and speaking ability with hobbies of reading literatures and books.

Therefore, I would like to apply for the **TRANSLATION jobs** and I believe that I am competent enough to handle English to Afan Oromo translation and consider myself a good candidate for any agencies, platforms and communication organization working on translation services. I have attached my CV and the whole credential documents for further information.

Thank you for your time and consideration. I can be reached in the contact above waiting for your favorable and honorable reply.

With best regards,

DR. DIRIBA DABA
