HOBBIES

Hobby #1 Environmental awareness
Hobby #2 Beauty and cosmetics
Hobby #3 Fitness and health
Hobby #4 Dogs

WORK EXPERIENCE

Freelance transcriber

2019–Now

Transcribing Swedish text to help AI-technology and to also provide subtitles.

Study buddy

2018–2019

I was a private tutor to children aged between 7-15. I helped with chemistry, English and Swedish.

Assignment coordinator, Colivia

2020–2022

I worked closely with the Swedish healthcare industry to provide them with the necessary healthcare professionals. I am also familiar with the Swedish healthcare system.

EDUCATION

Stockholm University – M.Sc. in Environmental Toxicology and Chemistry

2019 - 2021

I was taught what analytical methods to use to measure and determine environmental contaminants. Moreover, I learned why these contaminants are dangerous, and how they adversely affect the human body and our planet.

Karolinska Institute – B.Sc. in Biomedicine

2015 - 2018

Developed excellent sense of quality and accuracy during my time in the laboratory. Strong analytical skills and broad knowledge of medical terms, both in Swedish and English.
