Summary

A hard-working and detail-oriented person, eager to learn something new and looking for a job where I can make the most of my abilities while improving my knowledge and skills. My experiences in marketing, education, engineering, and science have helped me understand various fields and terms that will be a huge help in doing Translation.

Experience

Freelance Translator - 04/2020 to present

Translator, English - Indonesia

- Translated various kinds of documents, be it government's policies and scientific researches. The scientific research clients were mostly lecturers and students who were going to publish their works on several renowned scientific journal publisher such as IJERE, IEEE, IOPScience, and Scopus

WSProptendo - 01/2020 to present

Marketing Property Freelance, Indonesia

- Successfully selling 5 land plots and 1 house within my first year as a marketing property freelance. The activities consisted of generating copywriting, video editing, digital marketing, and buyer handling.

PT Regio Aviasi Industri - 12/2017 to 09/2019

Junior Aircraft Load Engineer, Bandung

- Calculate R80 aircraft component loads

Junior Aircraft Stress Analyst Engineer, Bandung

- Recommend the best amount and position of aircraft wing flaps based on aircraft structural point of view.

Institut Teknologi Bandung - 05/2017 to 10/2017

Research Assistant, Bandung

- Examine fiber reinforced composite by various test including tensile, compression and flexural test in collaboration of ITB and Kemenristekdikti.

PT Dirgantara Indonesia - 06/2015 to 07/2015

Internship, Bandung

- Stress analysis on skin and bracket of CN-235 structural antenna.

Education

Institut Teknologi Bandung 2016-2018

Master of Aerospace engineering with GPA 3.79/4.00

Institut Teknologi Bandung 2012-2016

Bachelor of Aerospace engineering with GPA 3.52/4.00

Publication

IOPScience 2018

Successfully published my own journal on IOPScience in the event of science and aerospace technology. Feel free to check the journal in the following link.

<https://iopscience.iop.org/article/10.1088/1742-6596/1130/1/012015>

I declare the details stated to be true and complete.
