

I. PERSONAL INFORMATION

Name: Omaira J. Velázquez de Campos
DOB: 10-10-1.947
Address: Conj. Res. Las Flores Ed. Dalia 6° piso Ap. 63 Av. Páez, El Paraíso, Caracas
Phone: 58-212- 5433449; Cellular: 58-414 293 0098
e-mail: oma.campos@gmail.com

II. HIGHER EDUCATION

1979- 1982	Pharmacologist	Instituto Nacional de Higiene "Rafael Rangel"
1975- 1977	<i>Magister Scientiarum,</i> Pediatria	Universidad Central de Venezuela
1964- 1971	Médico Cirujano	Universidad Central de Venezuela

III. SKILLS

- Teaching experience
- Operational management of Microsoft Office
- Ease of teamwork and under pressure
- Willingness to achieve
- Executive English (reading and conversation)
- Relations with regulatory, academic and institutional entities
- Translator (English-Spanish) of documents related to the medical, regulatory and research area for MSD, Abbott-AbbVie, Takeda and Roche Laboratories for more than 15 years

IV. PROFESSIONAL EXPERIENCE

- Oct 1988- current: Associate Professor at the Central University of Venezuela, Luis Razetti School, Pharmacology and Toxicology Cathedra. Functions: Training and instruction of high school graduates of Medicine in areas related to Pharmacology and introduction to therapeutics.
- September 27 2004 - June 12, 2006: Quimbiotec C.A. Position: Medical Advisor.

- June 2002- Sept. 2004: ICRMS (Investigation and Clinical Research for Marketing Services). Position: President.
- August 2000- May 2002: AstraZeneca S.A. Position: Medical Director.
- September 1999- December 1999: Rhone- Poulenc Rorer. Position: Medical Director.
- February 1992- October 1998: Pfizer S.A. Position: Medical Advisor.

V. COURSES AND TRAINING

- Feb 2001, Venezuela (Course promoted by the Medical Department of **AstraZeneca Venezuela**) **Site Preparation, monitoring and closure. SOP N° 4 training Level 3. Protocol Development and Approval SOP N° 8 training Level 2.**
- Ago 2000, Ecuador **Adverse Event Report SOP training. Investigator Brochure. Site Preparation Consent Form. Level 2. AstraZeneca**
- Oct 1997, Colombia **Field Monitoring Workshop. Pfizer Labs**
- Nov 1996, NY, USA **Medical Training Seminar. Pfizer Labs**
- June 1996 Canadá **Medical Marketing Meeting. Pfizer Labs**
- Apr 1996 Caracas **Leadership. Pfizer Labs**
- Feb 1996 Florida, USA **Latin- American Antibiotic Medical Marketing Meeting. Pfizer Labs**
- Nov 1994 NY, USA **Medical Training Seminar. Pfizer Labs**
- Oct 1993 NY, USA **Medical Training Seminar. Pfizer Labs**

VI. EXPERIENCE IN CLINICAL STUDIES

- Review and elaboration of protocols, selection of research centers, training of researchers, monitoring, final report, medical writing. Clinical studies in the following areas: Infectology, Cardiology, Oncology.
- Training in Standard Operating Procedures (SOP) and Good Clinical Practices (researchers, monitors)
- Preparation for audits
- Coordination of the following Clinical Studies in the last 5 years:
 - DermaQ® vs Baycutén® in subjects with inflammatory skin processes associated with suspected bacterial and / or fungal infection. 2014 Published: Rondón L, A (†); Roye, R; Salazar A; Infant C; Linares, M; Sesto D; Durán, Y; Placencio G; Velázquez de C, O. Comparative study of efficacy, tolerability and safety of mometasone furoate, in combination with mupirocin and clotrimazole (DermaQ®) vs. the combination dexamethasone, neomycin and clotrimazole (Baycutén®) in subjects with inflammatory skin processes associated with suspected bacterial and / or fungal infection.

 - (2016-17) (Cancelled due to equipment nonexistence in hospitals: Enzymatic Leprit in Postprandial Distress Functional Dyspepsia)

VII. TEACHING ACTIVITIES IN THE LAST FIVE YEARS

(Teaching at the undergraduate level. 4th year medical students)

- Clinical Pharmacology
- Local Anesthetics

- NSAIDs (Nonsteroidal Anti-inflammatory Drugs)
- Psychotropic drugs
- Thyroid
- Cardiovascular Seminar
- Psychotropic Seminar
- Support for antibiotic classes
- Introductory Pharmacology Practice
- Pharmacokinetic Practice
- Pharmacodynamic Practice
- Pharmacokinetic application seminar
- Dose Calculation Practice

VIII. SUPPORT TO TEACHING:

A) Undergraduate:

- Review and update of the Guide to Practical Exercises of the Cathedra of Pharmacology and Toxicology (Luis Razetti Medical School). UCV. Faculty of Medicine, 2013-2014 and 2014-2015 MA Rodríguez MA, Velázquez de Campos O, Padron-Nieves, M. Angeli M, Gimón Y. General Practice Guide for the Pharmacology Subject. Chair of Pharmacology and Toxicology at the Luis Razetti School. UCV Faculty of Medicine. Edited with the Latex program

B) Postgraduate:

- Postgraduate Classes 2019 Pediatric Pharmacology Subject for students of the Nursing Specialization in Childcare and Pediatrics and the Pediatric Critical Medicine Specialization for Nursing, both attached to the Faculty of Medicine operating in the JM de los Ríos Children's Hospital.

IX. PARTICIPATION IN SCIENTIFIC ACADEMIC EVENTS IN THE LAST 5 YEARS:

- "Can dementia be prevented?" II Neuroscience Update Sessions May 2014
- Talk: Importance of Clinical Pharmacology for the Medical Student Within the framework of the XXV Research Conference "Dr. Francisco de Venanzi" November 2016
- Talk: "Problems in the prescription of medications in Venezuela" X Congress of Pediatric Dentistry September 22, 2019
- Talk: "Problems in the prescription of drugs in Venezuela" XXVIII DAYS OF INVESTIGATION Dr. Francisco De Venanzi November 28, 2019

X. PUBLICATIONS IN THE LAST 7 YEARS

- Rondón L, A (†); Roye, R; Salazar A; Infant C; Linares, M; Sesto D; Durán, Y; Placencio G; Velázquez de C, O. Comparative study of efficacy, tolerability and safety of mometasone furoate, in combination with mupirocin and clotrimazole (DermaQ®) vs. the combination dexamethasone, neomycin and clotrimazole (Baycutén®) in subjects with inflammatory skin processes

associated with suspected bacterial and / or fungal infection.

XI. Distance Learning. Campus Virtual IntraMed

- Course on pain: ABC in pain management. 30 teaching hours, distance learning. July 23 to September 2, 2019. Certificate of approval. Certificate of Excellence for having obtained the highest score (10) in each of the self-evaluations presented and in the final exam of the online course
- Course: Update on Microbiota. 20 teaching hours, distance learning. April 2019. Certificate of approval
- Course: Update on Children's Gastroenterology. 30 teaching hours, distance learning. June 17 to August 25, 2019. Certificate of approval
- Course on "Neuropathic Pain". 32 hours, distance learning. 5 August to 29 September 2019. Certificate of approval.
- Course on "Liaison Psychiatry". 32 hours distance learning. September 2 to October 26, 2019. Certificate of approval.
- Course on "Pediatric Dermatology" 32 hours distance learning. October 7 to December 8, 2019. Certificate of approval.

Continuing Medical Education. Total hours approved: 176
