Remotasks

Remo reviewer

Remotasks is an online tasking platform focusing on building technologies related to AI (artificial intelligence), neural networks, and machine learning. I work with different companies to help them form tomorrow's smarter gadgets - from self-driving cars to more intelligent AI systems. I help deliver various output to clients that can help them develop their AI projects - this time with our invaluable human input.

Freelance translator

A multi-skilled, reliable & talented translator with a proven ability to translate written documents from a Dutch and English and vice versa. A quick learner who can absorb new ideas & can communicate clearly & effectively with people from all social & professional backgrounds. Well mannered, articulate & fully aware of diversity & multicultural issues. Flexible in the ability to adapt to challenges when they arise & at the same time remaining aware of professional roles & boundaries. Would like to work as a translator for a successful and ambitious company that offers great opportunities for career development and progression.
