

Sandeep Tiwari

Freelance Translator/Transcription/Voice-Over

I am a Passionate multilingual translator with voluntary experience in English-Hindi translations. I used my translation skills as a contribution to the open-source platform. Not only that, but I successfully translated many contents, ranging from documents to UI of websites and mobile devices. By choosing translation as a career, I am looking further to improve my language skills by becoming a paid translator.

VOLUNTEER EXPERIENCE

Since I love to read in my native language Hindi, if I find any web page like Wikipedia or blog content useful and where I can contribute my translation skill to translate in Hindi, I do.

In late 2012, After my college, during my free time, I translated many words for UI of *Open-Office* and *Firefox*.
